Randolph and Rockingham Counties do not have primaries.

Endorsed general election candidates who do not have a primary are listed on our website. www.replacementsltdpac.org

The primary purpose of the REPLACEMENTS LTD PAC is to influence the election of local, state and national candidates who will best support and promote the rights of lesbian, gay, bisexual and transgender (LGBT) citizens. In addition, consideration is given to a candidate’s past and current positions on issues supporting the business and social interests of Replacements, Ltd. (which includes fostering an open community in which all individuals are free to participate and serve without discrimination based on sexual orientation or gender identity) and the strategic viability of the candidate.

The REPLACEMENTS LTD PAC has endorsed some Republican candidates. However, we are cautious because the NC Republican Party Platform is opposed to LGBT equality. We recognize that not all Republicans share this attitude.

Data about candidates is obtained through survey responses, conversations with candidates and information about the candidates in the public domain.
